PROFESSIONAL SUMMARY

- MCA student with a B.Sc. in Computer Science (2024) and hands-on experience in Frontend, Backend, and Full Stack Development.

- 1 years' experience with PHP & MySQL and 2 year in MERN Stack development.

- Skilled in building responsive web applications, RESTful APIs, authentication systems, and database-driven solutions.

- Proficient in ReactJS, NextJS, Node.js, Express.js, MongoDB, TailwindCSS, Bootstrap, and modern JavaScript ES6+ features.

- Experienced in version control (Git, GitHub), API integration (Postman), cloud deployment (Firebase, Cloudinary), and Agile/Scrum methodologies.

- Delivered multiple freelance and internship projects from concept to deployment, optimizing performance and enhancing user experience.

CORE SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), ReactJS, NextJS, TailwindCSS, Bootstrap, ShadCN, Responsive Web Design, Cross-Browser Compatibility, UI/UX Implementation

Backend Development: Node.js, Express.js, PHP, REST API Development, Authentication (JWT, Clerk), Server-Side Rendering

Databases: MySQL, MongoDB, Database Design

Tools & Platforms: Git, GitHub, Postman, Firebase, Cloudinary, Vercel, Render

Development Practices: Agile/Scrum, API Integration, Performance Optimization, Code Review

---

PROFESSIONAL EXPERIENCE

Freelance Web Developer | Mumbai, India | Jun 2021 – Present

- Designed and developed mobile-first, responsive web applications using ReactJS, TailwindCSS, and JavaScript.

- Converted Figma/Adobe XD UI designs into functional, interactive web applications.

- Integrated third-party APIs and optimized site speed by up to 40%.

- Delivered end-to-end solutions for e-commerce, blogs, and SaaS platforms.

- Tech Stack: ReactJS, TailwindCSS, Node.js, Express.js, MongoDB, Razorpay, Firebase.

Full Stack Developer Intern – Aspireit | Dec 2024 – Mar 2025

- Built and maintained full stack applications with ReactJS frontend and Node.js backend.

- Developed RESTful APIs and integrated them into the frontend using Axios and Fetch API.

- Implemented authentication systems with JWT and session management.
- Collaborated in Agile sprints and participated in peer code reviews.

PROJECTS

Saisio – SaaS Website (Frontend) | ReactJS (Vite), TailwindCSS

- Developed a fully responsive SaaS platform with animated UI/UX and dynamic pages (Home, Pricing, Blog, Integrations, Register/Login).

Bunzo – Responsive Blog Platform | MERN Stack

- Built a blogging platform with features like blog creation, editing, comments, likes, follows, and profile customization.

DigitalAgency – Modern Digital Agency Website | Next.js, TailwindCSS, ShadCN UI

- Created a fully responsive and modern frontend website for a digital agency.
- Features a clean design system, structured pages, and a complete dashboard interface tailored for agency operations.

ResumeForge – Resume Builder Web App | Next.js 14, TailwindCSS, ShadCN UI, Node.js, MongoDB, Clerk.dev

- Developed a full-stack resume-building platform allowing users to create, edit, manage, and share resumes in real-time.
- Implemented password-protected resume sharing with expiry controls.
- Deployed on Vercel (Frontend) and MongoDB Atlas (Database).

EDUCATION

Master of Computer Applications (MCA) – Chhatrapati Shivaji Maharaj University | 2024 – Present
B.Sc. in Computer Science – University of Mumbai, K.M. Agrawal College | 2021 – 2024
HSC Science – Hill Spring International Jr. College | 2019 – 2021

CERTIFICATIONS

- Back End Development and APIs – freeCodeCamp
- Developing Cloud Apps with Node.js and React – IBM Skills Network
- Full Stack Development – Board Infinity
- Introduction to PHP – Simplilearn
- Responsive Web Design – Sololearn
- JavaScript – Great Learning
- Using MongoDB with Node.js – MongoDB University
- Postman API Fundamentals – Postman
